## LETTER OF REFERENCE

Indesco Limited  
152 Great South Road  
Papakura  
2244

03 April, 2014

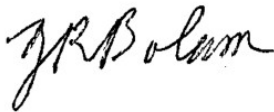

*To Whom It May Concern*

Indesco have been the design build contractors for many KingsWay building projects with the most recent being the new Pre-School and Primary School at Silverdale. Through the design and construction process, Indesco have had responsibility for the overall turnkey process including scope refinement, concept and full design, obtaining all relevant consents, project management and coordination of all sub trades and suppliers through to project completion.

The Indesco team has undertaken these tasks with efficiency, integrity and a determination to achieve the highest quality final outcome. We are delighted with the final result as Indesco have been able to deliver a facility that not only meets the needs of current modern learning environments but will be easily adapted and configured as education requirements evolve in the future. Indesco's ability to produce innovative solutions within our time frames and budget has again added value to the final project outcome.

It has been a pleasure to continue our long term business relationship with Indesco as they are simply one of the best companies I have had the pleasure to work with.

Yours Sincerely,

John Bolam  
Chairman KingsWay Trust
